TAG and ENDING:

After finishing 6 rotations of the dance, do the first 22 counts of the dance. Your right foot should be forward. This will bring you facing the 9:00 wall. Slowly raise your left arm up with the palm facing up. (You have roughly 4 counts) Hold until you hear Ty come back in with a loud (YAH). When the music comes back in, start the 16 count tag.

(Easy Option 1-8& : Do basic NC2 four times facing the front)
- 9-16& Do the last section of the dance starting with count 1. (Leave off the 1/4 turn left at the beginning of the section)

ENDING:

- 1-32 After finishing the tag, do the 32 count dance one more time.
- 1-15 Dance 15 more counts of the next rotation. You will be facing the 9:00 wall with the left foot forward.
- 16& Rock step the right foot forward (16), Recover the weight to the left foot.(17)
- 17-20 Make 1/4 turn right stepping right foot right and raise your right arm up when Ty sings the word "Fighter".
- 21-24 On the second "Fighter", raise your left arm out the left .
- 25 Finish by bringing both fists to your chest.

The Tag and Ending sound way more complicated in writing. It is all in the music, and it will tell you what to do.
